Frågor besvaras av Lisa Druse och/eller HS på styrelsen@dobermannklubben.se

STOCKHOLMS LO arrangerar även utställning den 6 juni, domare Armin Hoppe

VARMT VÄLKOMNA!

Participation

Participation can only be granted if all requirements for the admission to the ZTP test have been met.

The minimum age of participating dogs is 15 months.

Proof of membership of the DV or an IDC Member Club must be furnished.

The handler does not have to be the owner of the dog.

A handler may not handle more than 2 dogs per test day.

In the case of a deferred dog, the participant has to inform the Breed judge prior to the start of the ZTP.

If the identity and the origin of the dog cannot be ascertained with 100% certainty then the participation in the ZTP is not possible.

It is the personal responsibility of the owner/handler to provide the required documentation for ZTP entry timorously to arranging club to be sent to DV.

For registration all documentation below must be sent to arranging club. On the day of the test all documentation must be provided to the Breed judge in its original:

- a) Pedigree
- b) HD Assessment – including the HD assessments of the parent animals and a copy of their ZTP assessments
- c) Record Card (if applicable)
- d) If required, original proof of successful 'Begleithundeprüfung' (BH) or equivalent of the relevant country
- e) Dental certification if applicable
- f) Original ZTP assessment of dogs submitted for a second time (deferred dogs)

If the above mentioned documentation is not made available to the Breed judge in its entirety in the original form then the Breed judge cannot judge the dog. Exceptions are **NOT** possible.

If the identity and the origin of the dog cannot be ascertained with 100% certainty then the participation in the ZTP is not possible.

In cases requiring clarification the Breed Judge is entitled to retain all documentation which will be forwarded to the Breed Registry office. ZTP recognition will only be awarded once all outstanding issues have been resolved.
